

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is a clear example of the dangers of media consolidation.

I honor our freedom of speech and it is the only way the people of the United States can have a voice in what is going on.

I have no affiliation with any party running for the office of president so this comment is purely from my heart and the love of our country.

We can't have massive broadcasting corporations choosing what the people are to hear according to their political agenda. They MUST give equal time to all parties involved and understand that is what you (fcc) are hear to watch for. Please, please help the citizens of the United States and call these people on their abuse of our wonderful God given freedoms. I certainly appreciate your time and God bless you. dle.
